

Safety data sheet

According to 2001/58/EEC

Printing date: 28.11.2006

review the: 28.11.2006

1 identification of the substance/preparation and the company/undertaking

· Identification of the substance or preparation**· Name of product:**Deodorant gelPine Freshair**· Product code:** 500095a**· Use of the substance / preparation** Deodorant**· Producer/supplier:**

Nicols

2 Allee of maples

F-59980 Bertry

Tel: 0033/3277 65926

2. composition/information on ingredients

· Chemical characterization**· Description:** Mixture of substances listed below with nonhazardous.**· Dangerous components:**

68439 45-2 alcohol ethoxylated fatty

Xn, Xi; R 22-41 ≤ 2.5%

· Additional information: For the wording of the listed risk phrases refer to section 16.

3 hazards identification

· Main hazards: Nil.**· Special instructions concerning the dangers to humans and the environment:**

Product is not labelled in accordance with the method of calculation of the "general classification for the preparations Directive of the EC", in the latest valid version.

· Classification system:

The classification corresponds to the current EEC lists and is supplemented by information from specialized publications and the indications provided by the company.

4. first aid

· General remarks: No specific action is required.**· After inhalation:** Provide fresh air, consult a doctor in case of disorders.**· After skin contact:** As a general rule, the product does not irritate the skin.**· After contact with eyes:**

Rinse the eye under running water for several minutes, pulling of the eyelids.

· After ingestion: If problems persist, consult a physician.

5 fire-fighting measures

· Means of extinction:CO₂, powder or water spray. Combat important foci with water spray or alcohol-resistant foam.**· Special safety equipment:** No specific action is required.

6 accidental release measures

· Precautions: Keep away from ignition sources.**· Measures for the protection of the environment:** No specific action is required.**· Measures for cleaning/collecting:** Collect by mechanical means.**· Additional indications:** No hazardous substance is clear.

Safety data sheet

According to 2001/58/EEC

Printing date: 28.11.2006

review the: 28.11.2006

Product name: pine Freshair

(continued from page 1)

7 handling and storage

- **Handling:**
- **Precautions for safe handling:**
No specific action is required.
No special measures are required for proper use.
- **Information about protection against explosion and fire:** No specific action is required.
- **Storage:**
- **Requirements for sites and storage containers:** No specific requirement.
- **Indications concerning the common storage:** Not necessary.
- **Other indications on the storage conditions:** Nil.

8 control of exposure/personal protection

- **Additional indications for the arrangement of technical installations:** Without any other indication, see item 7.
- **Components with critical values to monitor per workstation:**
The product does not contain significant quantities of materials with critical values that have to be monitored by workstation.
- **Additional remarks:** This document relies on the lists in force at the time of its development.
- **Personal protective equipment:**
- **General protective and hygienic measures:**
Observe usual safety measures for the use of chemicals.
- **Respiratory protection:** Is not necessary.
- **Hand protection:** The glove material must be impermeable and resistant to the product / the substance / the preparation.
- **Eye protection:** Not necessary.
- **Body protection:** Protective work clothing

9 physical and chemical properties

· General indications.	
Shape:	Solid
Color:	Beige
Smell:	Characteristic
· Change of State	
Melting point:	64 ° C +/-2 ° C
Boiling point:	Not determined.
· Flash point:	Not applicable.
· Auto ignition:	The product does not ignite spontaneously.
· Danger of explosion:	The product is not explosive.
· Vapour pressure at 20 ° C:	23 hPa
· Density:	Not determined.
· Solubility in / miscibility with water:	Insoluble
· Solvent content:	
Organic solvents:	0.0%
Water:	92.4%

10 stability and reactivity

- **Thermal decomposition / conditions to be avoided:** Thermal decomposition in the case of intended use.
- **Dangerous reactions:** No known dangerous reactions.

Safety data sheet According to 2001/58/EEC

Printing date: 28.11.2006

review the: 28.11.2006

Product name: pine Freshair

(continued from page 2)

- **Hazardous decomposition products:** No dangerous decomposition products known

11 toxicological information

- **Acute toxicity:**
- **Primary effect of irritation:**
- **skin:** No effect of irritation.
- **eyes:** No effect of irritation.
- **Awareness:** No sensitizing effect known.
- **Additional toxicological information:**
Depending on the method of calculation of the latest version in force of the general directive EEC classification of preparations, the product is subject to any marking requirement.
In case handling and use consistent, the product has no harmful effect to health according to our experience and the information we have.

12 ecological information

- **General indications:** In general non-polluting

13 disposal considerations

- **Product:**
- **Recommendation:** Small quantities can be landfilled with household waste.
- **Uncleaned packagings:**
- **Recommendation:** Evacuation in accordance with legal requirements.

14 transport information

- | | |
|---|-----|
| · Transport by Earth ADR/RID (order on the transport product dangerous its - road and train) (cross-border): | |
| · ADR/RID class (Ordinance on transport of hazardous products - road and train): | - |
| · Maritime transport IMDG (Ordinance on the transport of dangerous goods): | |
| · IMDG class: | - |
| · Marine Pollutant: | Non |
| · Transport air ICAO-TI and IATA-DGR: | |
| · ICAO/IATA class: | - |

15 regulatory information

- **Marking according to the EEC directives:**
The usual precautionary measures should be observed when handling of chemicals.
The product is not required to be identified following the guidelines of the European Community / "GefStoffV" = the regulation on hazardous products.
- **Individual identification of certain preparations:**
Data sheet available upon request for corporate security
- **National requirements:**
- **Water pollution class:** Generally non polluting.

16. other information

These indications are based on the current state of our knowledge, but do not constitute a guarantee as to the properties of the product, and do not give rise to a contractual legal relationship.
